Criminal Law is a branch of law that pertains to the prosecution and punishment of individuals who have committed crimes. It encompasses a set of rules and regulations that governs the behaviors and actions that are considered illegal within a society. The primary objective of criminal law is to maintain social order and protect the rights of individuals. Crimes can range from minor offenses, such as petty theft, to more serious offenses, such as murder or robbery. The legal system ensures that those who violate these laws are held accountable and receive appropriate punishment, which can include fines, probation, or imprisonment. Criminal law also ensures that the accused is afforded certain rights, such as the right to legal representation and a fair trial.

Your Syndicate Subscription Legal Plan provides paralegal level services to Pro-Se / Pro-Per Litigants. When individuals choose to represent themselves ("Pro-Se" & "Pro-Per") in court, they often face challenges due to a lack of legal knowledge and understanding of the legal system. As part of your plan, we can provide valuable guidance and support throughout the entire legal process. We can help with legal research, gathering relevant documents, and preparing necessary paperwork. Additionally, we can offer advice on courtroom etiquette, ensuring the pro-se / pro-per litigant presents their case professionally. We can also help in understanding complex legal terminology and procedures, making the process less overwhelming. Overall, we can help the Pro-Se / Pro-Per litigant significantly increase their chances of achieving a favorable outcome in their criminal law case.

Though a Criminal Defense Attorney is NOT part of any Syndicate Subscription Legal Plan, what is included are great discounts & low retainers from our network of Criminal Defense Attorneys, and our team here as Syndicate remain as a legal assistant to you and your Criminal Defense Attorney throughout the entire process (up to the maximum amount of monthly service hours), helping you to reduce the costs of the defense, and to provide a complete robust criminal defense.
